# Working on Contacts App

The screenshot shows the GitHub profile for the Nextcloud organization. At the top, there's a navigation bar with links for 'Pull requests', 'Issues', 'Marketplace', and 'Gist'. The profile header includes the Nextcloud logo, the name 'Nextcloud', and a tagline: 'A safe home for all your data – community-driven, free & open source'. Below this, there are links to 'The Internet', 'https://twitter.com/nextclouders', and 'https://nextcloud.com'. The main section is titled 'Pinned repositories' and displays six repositories in a grid. Each repository card shows the repository name, a brief description, the programming language, the number of stars, and the number of forks. At the bottom, there is a search bar for repositories and filters for 'Type' and 'Language', both set to 'All'.

Nextcloud

A safe home for all your data – community-driven, free & open source
